Summary

I am an Information Technologist, Communication Engineer and Network Engineer.
I have a great passion to solve people's problems with my knowledge and Skills.. For the past few years,
I have learnt varieties of skills in different areas ranging from (The Basic Computer Operations, use of the
Microsoft Office Suite, Web Development through Graphics Designing, Data Analysis and Apps Development.)

In order to be skillful in the aforementioned areas, I have been able to acquire adequate knowledge in
{HTML, CSS, JS, PHP, MySQL, PYTHON, CorelDraw, PhotoShop} and I look forward to being more
skillful by learning advanced principles of {ReactJS, JAVA, PYTHON and ML}

I am currently enrolled in FUTA [Federal University of Technology, Akure] in order to foster
my pursuit in the Technology line. In four years' time, after my study in the institution, I will be
privileged to attain a Bachelor's degree in ICT Engineering i.e.
[BE, Information and Communications Engineering]
